

# WE KNOW ENDING POVERTY IS POSSIBLE.

## OUR MISSION

Our mission is to **provide service** to those in need, to **advocate compassion** and **justice** in the structures of society, and to **call all people** of goodwill to do the same.

## OUR STRATEGY

Catholic Charities Fort Worth makes **ending poverty possible** among thousands of families by **creating** solutions, **eradicating** barriers, and **transforming** communities.

### [CREATE]

We know social services and poverty-ending initiatives must **continually evolve** to meet the needs of the community. As a **learning organization**, we look closely at the many factors contributing to poverty and **create solutions** as **unique** and **multifaceted** as those we serve.

### [ERADICATE]

We know **ending poverty** takes more than one-off services that provide families financial help and send them on their way. That is why we **eradicate the barriers** that perpetuate the cycle of poverty. We **empower** clients through **holistic** services that embody **Christ's call** to recognize the **dignity** of each individual and family.

### [TRANSFORM]

We know we cannot end poverty alone. To make **true impact**, we must **change** the way poverty is addressed through **collaboration**, **leadership**, and **advocacy**.
